PATRIARCHATUS LATINUS - JERUSALEM

بطريركية القدس لللاتين

-> ① 16 2321 007

Dear Ms. Koch,

The Lord give you peace!

I am writing this letter of endorsement for the project proposal submitted to you: *SOS-Violence/Center for Peace Education in Israel*. Aware of the accomplishments derived from this program in the past six years, it is hoped that it can benefit many young people.

Expansion plans for its activities into the Palestinian Territories is a very positive development and the program can be offered to more young people beyond Israel. This initiative will be a huge factor in changing the attitudes of people – Jewish, Christian and Muslim. The concept of "Growing Children" will influence the responsibility for non-violent behavior among the youth themselves.

We look forward to some kind of cooperation between our Latin Patriarchate Schools and SOS-Violence/Center for Peace Education in the future.

Looking forward to your positive consideration and support for this request. Thank you for your continuing support for the many needs of our institutions and faithful in the Holy Land.

Sincerely yours in Christ,

Pierbattista Pizzaballa
